

THE NEW ENTERPRISE
Madison, Florida.
PUBLISHED WEEKLY.
Entered at the Madison Post Office, as Second Class Matter.
COLUMBUS B. SMITH, Editor.
Subscription, \$1.00 per year. Advertising rates made known on application. Correspondents will please write on only one side of the paper. We must have the name of every contributor, not for publication, but that we may know the correspondence is authentic. All anonymous communications will find a home in the waste basket. Address all communications to THE NEW ENTERPRISE, Madison, Florida.

Official Organ County Commissioners
THURSDAY, JULY 16, 1903

The race problem has again changed its location and the city of Evansville, Indiana, seems right now to be the place where it is undergoing the solving process.

And nothing has been heard to drop in the political world this week. Several of the "may be" candidates continue to imitate the Sphinx and preserve a dignified silence.

"Whisper it softly" advises the Ocala Banner. Mexico has refused to accept the gold standard, yet it has had years of undisturbed and almost unparalleled prosperity.

The amazing vitality of the Pope is the wonder of the day. When his great age is considered it is really remarkable that he should cling so tenaciously to the thread of life.

Railroad Commissioner John L. Morgan says that the report of his intended resignation is untrue. We never did believe it, Mr. Morgan, notwithstanding it was pretty generally reported in the papers.

Jacksonville is to have a triple hanging on August 7th, the executed to be three negroes, each convicted of murder. Jacksonville is always inclined to do things on a larger scale than other towns.

The Bellview News Letter has passed into the control of C. M. Brown, jr. of Ocala. Is this a son of the gubernatorial candidate? If so, perhaps candidate Brown wants a personal organ to advocate his election.

Jackson county will hold the first "wet or dry" election in its history on August 25th. When this election shall have been held perhaps another will be added to the already thirty-two "dry" counties of the State.

The Suwannee county Commissioners have indefinitely postponed the bond election and have made a two mill tax levy to provide a fund for building a new court house. Since the desired end is to be attained it doesn't make very much difference how it is done.

The famous Indian War Claims fund is rapidly assuming more modest proportions, says the Orlando Sentinel-Reporter. In compliance with legislative enactments providing for the disposition of this fund \$280,968.08 of the original \$692,946 has been paid to the State school fund and \$147,000 has been paid out to take up outstanding bonds held by individuals.

Jacksonville is the first Florida city to organize a Hearst club in the interest of William R. Hearst, the New York editor who has presidential aspirations. The club was organized Saturday night and was presided over by J. S. Hollingsworth, late labor candidate for mayor of that city.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by all druggists and medicine dealers.

Dozens of persons have lost their lives this summer in the great cities of the north from the excessive heat while here in Florida such a thing as sunstroke is unheard of. The moral of this is that everybody who can should make their permanent home in the greatest State of the Union—Florida.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Davis' drug store.

After all the row and "rag chewing," says the Pensacola News, it was found that Governor Jennings did the proper thing when he vetoed the revenue bill. Strange as it may seem it does appear that Governor Jennings has a peculiar knack of doing the "proper thing" at the proper time.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by B. F. Moseley. Price 50 cents.

Once more the Posts of Mental Science fame are in trouble. The post office department has promulgated an order refusing Col. C. C. Post Mrs. Helen Wilkins-Post and Mr. Chas. F. Bergman the privilege of using the mails. One of the effects of the order is the suspension of the publication of "Freedom," the Mental Science organ.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their work in stomach and liver troubles. They not only relieve you, but cure. 25c, at B. F. Moseley's drug store.

The High Springs Hornet, always grammatically original, thinks that "without a doubt the Democratic nominee for President will lay between Parker and Hearst." If it should happen that neither of the gentlemen mentioned receives the nomination we are of the opinion that the "nominee" will seriously object to "laying" between them.

Not to be behind sister States Florida now has a sure enough peonage case for trial in the courts. The defendant in the case is the chairman of the Board of County Commissioners of Bradford county and the prosecuting witness is a young white girl who claims that he has been holding her in servitude and treating her very badly.

The Boas Worm Medicine.

H. P. Kumpke, Druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 110 worms from the child. It's the boas worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Davis' drug store.

Everybody who has visited St. Augustine and been shown through historic Fort Marion will recall the pleasant guide who conducted them and explained the interesting points of the old fort. This guide is Sergeant George Brown who has been in the service of his country at Fort Marion for nearly eighteen years. He has now been ordered to report for duty in the Philippines and will leave for his new station immediately. Visitors to the fort will miss him.

The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Davis' drug store.

The Socialist party seems to be gaining ground in certain sections of the State. Already they have named a candidate for Governor and in Orange county an Executive committee has been elected and organized with E. W. Shannibarger as president. That gentleman says that his party will carry the county in the next election. Maybe so, but it is our opinion that the Orange county voters will find all the good they are looking for in democratic principles and will not stray off after strange gods.

Dr. Loyal Ford's Dyspepticide.

is the new and perfect cure for indigestion, dyspepsia, constipation, heartburn, sick headache, and all ills from poor digestion. It makes the stomach right. Sold by D. G. Smith.

Editor Tom F. McBeath of the Florida School Exponent announces that, having accepted a position on the faculty of East Florida Seminary, that excellent paper will, after September 1 of the present year, be published from Gainesville instead of Jacksonville. Editor McBeath concludes his announcement as follows: "So far as the Exponent is concerned, the removal involves only a change in the place of publication. It will continue to be the same sane, conservative and outspoken journal it has been from the beginning."

Hon. C. A. Carson who is a member of the Board of Trustees of the University of Florida at Lake City, says that at a recent meeting of the Board it was decided to abolish the co-education feature and make the University exclusively for males. In every way the institution has been strengthened and it is now one of the finest in the State.

Two Bottles Cured Him.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by D. G. Smith.

All Florida will miss the excellent work of cartoonist Taylor who for several years past has made his department of the Metropolis the most distinctive and interesting feature of that sprightly afternoon journal. Mr. Taylor has resigned his position and will engage in other business. The Metropolis, however, has secured another artist and the cartoon feature will be continued. Should the new man prove as great as Taylor he will accomplish much.

Notwithstanding the acknowledge ability of Shamrock III yachting experts are not very much worried about the outcome of the great races, for they say that Reliance, America's boat, is somewhat of a marvel herself in sailing qualities.

When Other Medicines Have Failed take Foley's Kidney Cure. It has cured when everything else has disappointed. Sold by D. G. Smith.

FOLEY'S KIDNEY CURE
Makes Kidneys and Bladder Right

Twelve years ago a man named Raulerson was killed by Crawford Bass in Lake county. The murderer made good his escape and the incident had about faded from the minds of the people of that section. Sheriff Prevatt of Osceola county located the man in Colorado and decided to take a little vacation trip, the result of which was his return to Kissimmee last week having the man in charge and the murderer is now safe in jail awaiting his trial.

A Turtle Race.

"One of the most curious races I ever saw," writes a correspondent of the London Tatler, "was on Mr. Carl Hagenbeck's lawn at Hamburg. Some seven children mounted on the backs of large turtles or tortoises raced across the lawn. To give impetus to their queer steeds most of them armed themselves with cabbages, which they tied to the end of sticks, ever and anon dangling them as tempting morsels in front of the turtles. It was a strange race and occupied some time. Every now and then a turtle would grasp a piece of cabbage and then quietly eat it before resuming its journey."

Flowers on the Stage.

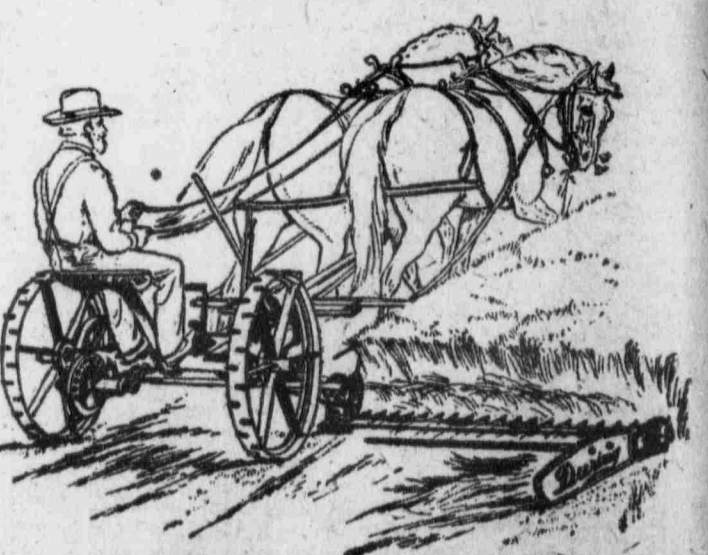

No actor who is imbued with the superstitions of his profession will give yellow roses to a friend, nor will he accept them himself, as he fancies the flowers are harbingers of misfortune, jealousy and loss of friendship. Some managers will allow no natural flowers whatever to be used by way of "properties" upon the stage, but that is carrying the matter further than is usually considered essential.

Uncomfortable Position.

Finnicus—I wonder why it is that those who attain the pinnacle of success never seem to be happy. Cynnicus—Because the pinnacle of success is like the top of a particularly tall lightning rod with a particularly sharp point, and those who succeed in perching temporarily upon it usually find that they are targets for all the world's lightning.—Town and Country.

WORMS! WHITE'S CREAM VERMIFUGE!
For 20 Years Has Led all Worm Remedies. **EVERY BOTTLE GUARANTEED.**
SOLD BY ALL DRUGGISTS.
Prepared by **JAMES F. BALLARD, St. Louis.**
